

CONTEST / ACTIVITY: BUILDING IN

MINECRAFT

TOPIC: MINECRAFT CHALLENGE

RESPONSIBLE PERSON: Diego Muñoz diego.munoz@seklevante.com

PARTICIPANTS:

Teams of 4 students per School.

The teams can present students from 11 to 16 years old.

MODALITY:

Online. During the event, the teams will compete and build simultaneously.

OBJECTIVES:

The activity aims to foster creativity and value teamwork through the construction of a monument revealed at the start of the competition.

FORMAT:

During the event the participating students will connect to the Minecraft EE world provided. The construction challenge they will have to face will be communicated to them and they will be given an execution time throughout which they must develop the work.

ASSESSMENT:

At the end of the stipulated time, the jury will assess the creation based on its complexity, originality, and creativity.
